## Automatic Rules

CourtAlert Case Management and ECF Interface software can automatically calculate deadlines based on court rules

Users can select from a list of triggering events, and let the system automatically calculate the deadlines based on updated court rules

Users can deselect dates that are not applicable  
With one click, diaries are created for each deadline

Link to the rule applied appears wherever the deadline date appears (email reminders, Outlook<sup>®</sup>, inquiries, etc.)

The rules are updated real time by a specialized rules company. Rules are available for State, Federal, Appellate and Bankruptcy Courts across the nation.

CourtAlert CM/ECF also provides displays and reports in the style typically preferred by both West Coast users and Easy Coast users.
