

# ECF Assurance

## Reduce Your Risk

**Never Miss a PACER Email or Docket Update**

### What it Does

Alerts when there is a new or revised docket entry that you did not receive by CM/ECF or NYSCEF Notification.

This service compares the court docket to the emails you receive from court.

### Why it's Necessary

**Missed Emails:** CourtAlert clients have reported that they have missed emails from CM/ECF, often at no fault of their own. This problem is especially severe if the missed docket triggers a deadline, such as a time to answer an appeal or an appearance date.

Federal Courts place the burden on attorneys to monitor dockets. Courts hold that failure to monitor a docket does not excuse a missed deadline.

**Revised Dockets:** There are times when the court edits a docket it does not send out an email with the revision. ECF Assurance alerts users of all modified dockets and clearly indicates what text was added or removed.

### Coverage

All Federal Courts  
NYSCEF cases, NY and Kings Counties

### Price Per Case\*

\$143 per year - District, Circuit and MDL Cases

\$286 per year - Bankruptcy cases

\$52 per year - NYSCEF Cases

\*Based on search per week. Users determine how often they would like to check for updates.
